PROJECTS

Personal Website (HTML/CSS/Javascript)

- A dynamic personal website showcasing my professional portfolio, skills, and achievements.
- Implemented an intuitive layout with interactive features that enable user engagement and modified it for cross-platform compatibility

Data-Driven Health Metrics for Pittsburgh Neighborhoods (Python, Pandas, GeoPandas)

- Utilized Allegheny County public datasets to calculate which Pittsburgh neighborhood is the healthiest.
- Involved interpolating data and visualizing it using pandas to present insights clearly and effectively to determine the health standards of certain neighborhoods.

SKILLS

Languages:

Java | Python | C | Javascript | CSS | HTML | Assembly | R

Libraries:

Pandas | GeoPandas | Matplotlib

EXPERIENCE

Prep Crew Team Member

04/2023 - 11/2024

Bethel Bakery

Bethel Park, PA

- Worked with a team to efficiently and effectively clean and prepare a Bakery for future endeavors.
- Communication and team-work was an important daily requirement that I exemplified within my team.
